WELCOME TO THE FIGHT

READ THIS DOCUMENT IN ITS' ENTIRETY BEFORE CLICKING <u>ANY</u> LINKS

Thanks for joining the series! Below you will find the guidance you need to get started and prepared:

READ THE RULES

Make sure you read the most updated rules ***THOROUGHLY***. You will be expected to know them and follow them.

The most recent version can be found <u>HERE</u>.

NEXT STEPS

1. You will receive a player guide 3-6 weeks before the event, which will provide administrative information, instructions, amenities, and any unique mechanics
2. Rosters will be published as soon as possible and will change continuously, sometimes up until the day of the event based on faction needs. We aim to get this into the hands of players 30-60 days before the event.

3. Tactical information (maps, MGRS coordinates, opords, etc) will be published between 1-2 weeks before the event.
   a. We work to ensure all players get engaged as much as possible, which means waiting to finalize missions and narrative elements until the rosters are completed.
4. Join the Discord Server, which can be accessed from the below link, or on the comms page on grimnirtactical.com, It will be the main hub for all event announcements, communications, and planning. It also allows for all Grimnir players to interact between events and provides a direct link to talk with producers.

   This step is **very** important, so please follow the below instructions carefully.
   Please also be advised that cases a and b below are one time only (as in the first time is the only time you will need to do them). Once you are in the server, the role assignment will take care of itself.

JOIN THE DISCORD SERVER HERE

   a. If you don't have a discord account, head here to create an account, download the app, and get started.
      i. Once you have created your account and joined the Grimnir discord server from the link above - you may run the command "$roles <email address> <order number>" **without** the quotes to have your roles assigned to you. Send this as a direct message to the MEE6 Bot (he will be under the online users to the left)
      ii. If by chance that does not work, you will have to message the GT administrators and request to be added to the appropriate events and active groups.
   b. If you already have a discord account, and you entered it in the check-out form when buying your tickets, you will need to :
      i. Join the discord server (see link above) or access it from the comms page on grimnirtactical.com
      ii. The GT bot will automatically add you to the appropriate group(s) based on the event tickets you purchased.
      iii. Wait 24 hours and If by chance that does not work, you will have to message the GT administrators and request to be added to the appropriate events and active groups.
   c. If someone bought a ticket for you as part of a "mass purchase" (2 or more tickets to the same event in a single order), you will need to follow the instructions listed above to join the server but will **always** need to message the administrators to be added to the correct faction, regardless of whether or not this is your first time or not.
      i. Our bot can't run through this case yet.
      ii. We will need your name, the name of the individual who made the purchase, and the order number to verify you belong to the specific groups.

d. If you purchased tickets, and are already part of the server, you will be good to go unless you are part of a mass purchase (point c. above). If part of a mass purchase, follow instructions under point C above.
